THE SMART + ERGONOMIC SITTING SOLUTION

DR. PIET VAN LOON

ORTHOPEDIC SURGEON AND FOUNDER OF ZAMI PRINCIPLES

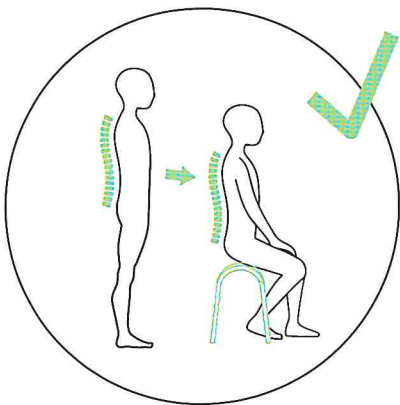

"Too much and wrong sitting has a negative effect on your spine and health. Sit actively, from an early age, and on your sitting bones: straighten your back! Zami helps to balance and keep the torso muscles and your back in position and allows you to vary regularly between healthy sitting positions."

RUUD-JAN KOKKE

DESIGNER ZAMI

Dutch designer with work in MoMa New York and Stedelijk Museum Amsterdam

 Varieer van tijd tot tijd uw zitpositie en stand van de benen

 Alternez de temps en temps votre position assise ainsi que la position de vos jambes

 Variieren Sie von Zeit zu Zeit Ihre Sitzposition und die Position der Beine
